

DIFFERENT

Different but the same
Many PARTS with many names

Some are old, some are young
Some are male, and some are female

Diverse ways to identify
Different beliefs
But United as ONE

The journey to get here was long and hard
Never feeling like we ever belonged

Once we found each other we fit
Like a jigsaw puzzle we clicked

No more missing pieces but still mending our heart
Carrying grief so many years
Overwhelming and earth-shattering tears

We are ONE but many
Plurally defined
